TRADE MARK APPLICATIONS (1993 ACT)

Any person who has grounds for objection to any of the following trade marks, may, within the prescribed time, lodge Notice of Opposition on Form TM 6 contained in the Second Schedule to the Trade Marks Regulations, 1995. The prescribed time is three months after the date of advertisement. This period may on application be extended by the Registrar. Formal opposition should not be lodged until after notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the Notice of Opposition is incurred. Failing such notice to the applicant an opponent may not succeed in obtaining an order for costs.

TRADE MARK APPLICATIONS

Any person who has grounds for objection to any of the following trade marks, may, within the prescribed time, lodge Notice of Opposition on Form TM 6 contained in the Second Schedule to the Trade Marks Regulations, 1971. The prescribed time is two months for applications filed on or before 30 April 1995 and three months for applications filed on or after 1 May 1995. This period may on application be extended by the Registrar. Formal opposition should not be lodged until after notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the Notice of Opposition is incurred. Failing such notice to the applicant an opponent may not succeed in obtaining an order for costs. **B preceding the number indicated Part B of the Trade Mark Register** Please note, that in terms of section 43 (3) if the acceptance of an application which claims priority in terms of section 31 (1) (c) is not published in terms of section 42 within 18 months from the earliest priority claimed from the relevant application in a convention country, it shall be opened to public inspection after the expiration of 18 months from the earliest priority so claimed.

2019/00127 in Class 09: Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for printing machines, offset printing

machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus; Laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, Labellers (machines), Engraving machines, Machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, Drying machines, Drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for installations, equipment, apparatus, filters, separators, extraction and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts thereof, in particular active coatings with catalytic properties, heat

exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for producing product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for applying product security means, authentication features, security features, security labels and/or components therefor; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for packaging product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, in the form of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded) and software being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further

processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software being parts or accessories for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software being parts or accessories for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software being parts or accessories for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software being parts or accessories for machines for applying product security means, identification features, security features, security labels and/or components therefor; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature

monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, consultancy software (recorded), sales software (recorded), and software being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Electric and electronic measuring and testing apparatus and instruments for

adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; Electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines,

digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product

security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating ink slides, ink rollers, damping rollers, register adjustment devices in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated

cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of devices for the changing and/or transporting and/or storage of printing plates; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for cleaning rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines,

offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of inking apparatus and/or damping units and/or printer engine cylinders in printer engines; Consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for tempering of inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printer engines; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales

software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating registers and register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulation for the purposes of quality control in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for

machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), software for data processing devices for pre-press, for the printing of printed matter, for the further processing of printed matter, for production control, production planning; Consultancy software (recorded), sales software

(recorded), software for data processing devices for printing machines, for the printing of printed matter, for the further processing of printed matter, for production control, production planning; Consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; Consultancy software (recorded), sales software (recorded) and software for interfaces and/or data transfer for installations, equipment, apparatus, filters, separators, suction and conveying devices for air-technology cleaning, dust removal and air separation from machines and rooms equipped therewith, air filters, fans, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing of particles, dust and fibres separated from machines; Consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and de-aerating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowers and compactors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; Consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in

particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for applying product security means, identification features, security features, security labels and/or components therefor; Consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Software (recorded) for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printed material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Software (recorded) for

the transport, packaging and storage of remote controls, remote operators, remote monitoring apparatus, controllers and/or regulators for devices for the transport, packaging and storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Electronic data carriers being product security means, identification features, security features, security labels, securities, banknotes; Magnetic data carriers being product security means, identification features, security features, security labels, securities, banknotes; RFID systems (radio frequency identification); Encoded identification chips and cards; Apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or NFC (near field communication) apparatus, including in particular with return of change; Automated teller machines [ATM]; Money-receiving apparatus; Money-dispensing and -receiving apparatus; Fittings for the aforesaid apparatus, included in class 9, in particular cartridges for collecting payment means, in particular bank notes and/or coins and/or tokens of value; Electric apparatus, namely data processing equipment for communication with recording media,

in particular for communication with recording media with integrated circuits and recording media with contactless interfaces, and in particular data processing equipment for writing data in or on recording media, for reading data from or on recording media and for displaying data from recording media on a display; Data processing equipment for personalising recording media; Machine-readable recording media, in particular recording media with integrated circuits for storing, encrypting and decrypting, processing and providing data and programs; Cards having an integrated circuit (chip cards), in particular cards having microprocessors for communication with external data processing devices or with mobile radio terminals; Coded telecommunication cards; Coded and uncoded digital recording media with contactless interfaces; Integrated circuits with characteristic physical properties for protection against forgery; Memories for data processing installations, in particular non-volatile memories (digital storage media); Digital recording media containing memories, in particular non-volatile memories (digital storage media); Electric apparatus for processing, in particular encryption and decryption, data for both online and offline operation; Software for computer network applications, in particular for internet, intranet and extranet applications; Data processing software, in particular for telecommunications with chip card-activated mobile telephones and in particular for associated chip cards and mobile telephones, and computer programs for activating, modifying, testing and displaying data and software structures stored in these telecommunications cards; Software for the encryption and decryption and the signing of data; Operating system software and application software for digital recording media with integrated circuits, in particular for hardware tokens and chip cards, and for data processing equipment for communication with these digital recording media; Computer programs for the development, management and maintenance of all the aforesaid types of software; Digital recording media featuring the aforesaid software; Electronically/optically stored pre-recorded advertising and communications media, included in class 9, in particular films, videos, included in class 9; Parts for the aforesaid goods and accessories for the aforesaid goods, included in class 09. in the name of Koenig & Bauer AG, a German company, Friedrich-Koenig-Str. 4, 97080, Würzburg, Germany. Address for service: SPOOR & FISHER, Messrs. 2019/00139 in Class 09: Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus; Laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, Labellers (machines), Engraving machines, Machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, Drying machines, Drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for installations, equipment, apparatus, filters, separators, extraction and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for ventilation installations, ventilation apparatus, air-

conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowing machines and compressors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for producing product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for applying product security means, authentication features, security features, security labels and/or components therefor; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, for packaging product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; Electronic checking (supervision), controlling, displaying and measuring apparatus, and consultancy software (recorded), sales software (recorded), and software, included in class 9, in the form of and/or for product security means, authentication features, security features, security labels, securities, banknotes and/or components therefor; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded) and software being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing

machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software being parts or accessories for lacquering machines, packaging machines, coating machines, pallet changing and pallet transfer machines, stacking machines, machines for handling sheets, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, marking machines, hot stamping apparatus, thermal transfer apparatus, photo printing machines, labelling machines, engraving machines, inkjet printing apparatus, laser marking apparatus and laser printing apparatus; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, consultancy software (recorded), sales software (recorded), and software being parts or accessories for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software being parts or accessories for machines for producing product security means, identification features, security

features, security labels, securities, banknotes and/or components therefor; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software being parts or accessories for machines for applying product security means, identification features, security features, security labels and/or components therefor; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus, web tension controls, consultancy software (recorded), sales software (recorded), and software being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, consultancy software (recorded), sales software (recorded), and software being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Electric

and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; Electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing

machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and preadjustment, for subassemblies and parts for drying ovens, drying apparatus, heat accumulators,

heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; Consultancy software (recorded) and/or sales software (recorded) for electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating ink slides, ink rollers, damping rollers, register adjustment devices in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software

for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of devices for the changing and/or transporting and/or storage of printing plates; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for cleaning rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines,

digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulating of inking apparatus and/or damping units and/or printer engine cylinders in printer engines; Consultancy software (recorded), sales software (recorded), and software for the remote control, remote operation, remote monitoring, control and/or regulation of devices for tempering of inking apparatus or damping units and/or cylinders and/or inkjet print heads and/or laser systems in printer engines; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating cutting equipment and/or cutting cylinders in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard,

inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating registers and register marks in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulation for the purposes of quality control in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for

the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Consultancy software (recorded), sales software (recorded), and software for remote control, remote operation, remote monitoring, control and/or regulating, for quality control in drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Consultancy software (recorded), sales software (recorded), and software for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating web tension settings in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines,

lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Consultancy software (recorded), sales software (recorded), software for data processing devices for pre-press, for the printing of printed matter, for the further processing of printed matter, for production control, production planning; Consultancy software (recorded), sales software (recorded), software for data processing devices for printing machines, for the printing of printed matter, for the further processing of printed matter, for production control, production planning; Consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; Consultancy software (recorded), sales software (recorded) and software for interfaces and/or data transfer for installations, equipment, apparatus, filters, separators, suction and conveying devices for air-technology cleaning, dust removal and air separation from machines and rooms equipped therewith, air filters, fans, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing of particles, dust and fibres separated from machines;

Consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and de-aerating, humidifying and dehumidifying installations and apparatus, air treatment installations, air conveying devices, in particular fans, blowers and compactors, air heaters, air coolers, air filters, and nozzle chambers for humidifying; Consultancy software (recorded), sales software (recorded), software for interfaces and/or data transfer, drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for applying product security means, identification features, security features, security labels and/or components therefor; Consultancy software (recorded), sales software (recorded), and software for interfaces and/or data transfer, for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Software (recorded) for remotely controlling, remotely operating, remotely monitoring, controlling and/or regulating devices for transporting and/or storing printed matter or printing materials or printed material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines,

digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Software (recorded) for the transport, packaging and storage of remote controls, remote operators, remote monitoring apparatus, controllers and/or regulators for devices for the transport, packaging and storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Electronic data carriers being product security means, identification features, security features, security labels, securities, banknotes; Magnetic data carriers being product security means, identification features, security features, security labels, securities, banknotes; RFID systems (radio frequency identification); Encoded identification chips and cards; Apparatus for the payment of goods and/or services and/or bills, in particular for enabling customers to pay by themselves, in particular by

payment means in the form of banknotes and/or coins and/or tokens of value and/or cashless payment by debit, credit and/or loyalty cards, in particular contactless and/or contact cards and/or NFC (near field communication) apparatus, including in particular with return of change; Automated teller machines [ATM]; Money-receiving apparatus; Money-dispensing and -receiving apparatus; Fittings for the aforesaid apparatus, included in class 9, in particular cartridges for collecting payment means, in particular bank notes and/or coins and/or tokens of value; Electric apparatus, namely data processing equipment for communication with recording media, in particular for communication with recording media with integrated circuits and recording media with contactless interfaces, and in particular data processing equipment for writing data in or on recording media, for reading data from or on recording media and for displaying data from recording media on a display; Data processing equipment for personalising recording media; Machine-readable recording media, in particular recording media with integrated circuits for storing, encrypting and decrypting, processing and providing data and programs; Cards having an integrated circuit (chip cards), in particular cards having microprocessors for communication with external data processing devices or with mobile radio terminals; Coded telecommunication cards; Coded and uncoded digital recording media with contactless interfaces; Integrated circuits with characteristic physical properties for protection against forgery; Memories for data processing installations, in particular non-volatile memories (digital storage media); Digital recording media containing memories, in particular non-volatile memories (digital storage media); Electric apparatus for processing, in particular encryption and decryption, data for both online and offline operation; Software for computer network applications, in particular for internet, intranet and extranet applications; Data processing software, in particular for telecommunications with chip card-activated mobile telephones and in particular for associated chip cards and mobile telephones, and computer programs for activating, modifying, testing and displaying data and software structures stored in these telecommunications cards; Software for the encryption and decryption and the signing of data; Operating system software and application software for digital recording media with integrated circuits, in particular for hardware tokens and chip cards, and for data processing equipment for communication with these digital recording media; Computer programs for the development, management and maintenance of all the aforesaid types of software;

Digital recording media featuring the aforesaid software; Electronically/optically stored pre-recorded advertising and communications media, included in class 9, in particular films, videos, included in class 9; Parts for the aforesaid goods and accessories for the aforesaid goods, included in class 09. in the name of Koenig & Bauer AG, a German company, Friedrich-Koenig-Str. 4, 97080, Würzburg, Germany. Address for service: SPOOR & FISHER, Messrs. Spoor & Fisher, 11 Byls Bridge Boulevard, Building No. 14, Highveld Ext 73, Centurion, Pretoria, 0157, South Africa (P O Box 454, PRETORIA, 0001), SOUTH AFRICA

2019/00140 in Class 35: Advertising and business administration; Arranging of contracts, for others, in relation to the buying and selling of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or

more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; Arranging of contracts, for others, for the buying and selling of installations, equipment, apparatus, filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Arranging of contracts, for others, for the buying and selling of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Arranging of contracts, for others, for the buying and selling of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Arranging of contracts, for others, for the buying and selling of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Arranging of contracts, for others, for the buying and selling of machines for applying product security means, identification features, security features, security labels and/or components therefor; Arranging of contracts, for others, for the buying and selling of machines for

packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Arranging of contracts, for others, for the buying and selling of product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Sales promotion for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; Sales promotion for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Sales promotion for ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Sales promotion for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and

integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Sales promotion for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Sales promotion for machines for applying product security means, identification features, security features, security labels and/or components therefor; Sales promotion for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Sales promotion for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Professional consultancy in the context of the sale of goods, in particular the sale of printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; Professional business consultancy within the framework of the sale of goods, in particular the sale of installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres;

Professional business consultancy within the framework of the sale of goods, in particular the sale of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Professional business consultancy within the framework of the sale of goods, in particular the sale of drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Professional business consultancy in the context of the sale of goods, in particular the sale of machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Professional business consultancy in the context of the sale of goods, in particular the sale of machines for applying product security means, identification features, security features, security labels and/or components therefor; Professional business consultancy in the context of the sale of goods, in particular the sale of machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Professional business consultancy in the context of the sale of goods, in particular the sale of product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Organisational consultancy, professional business consultancy, business management information in relation to pre-press printing, data preparation, including continuous data preparation, variable data printing, including from databases, printing of printed matter, further processing of printed matter, production control, production planning, interfaces, data transfer and/or in relation to devices for transport and/or storage of printed matter or printing materials or printing material reels or paper or paper reels or plastics or plastics reels or metal or organic or inorganic materials for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines,

printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Organisational consultancy, professional business consultancy, business management information in relation to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus, temperature monitoring apparatus and/or web tension controls being parts or fittings for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, namely for transporting, cutting, punching, folding, collecting, tacking, packaging, compiling, sorting, binding, scanning, checking, perforating, gluing, stapling, tying, bundling, bookbinding; Organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control

apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for installations, equipment, apparatus, filters, separators, suction and conveying machines for ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Organisational consultancy, professional business consultancy, business management information relating to electronic regulating equipment, control equipment, monitoring equipment, quality control equipment, production control equipment and/or temperature monitoring equipment being parts or accessories for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas equipment; Organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for

machines for applying product security means, identification features, security features, security labels, and/or components therefor; Organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus, production control apparatus and/or temperature monitoring apparatus being parts or accessories for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Organisational consultancy, professional business consultancy, business management information relating to electronic regulating apparatus, control apparatus, monitoring apparatus, quality control apparatus and/or production control apparatus being parts or accessories of and/or for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Organisational consultancy, professional business consultancy, business management information in relation to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus; Organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment

and preadjustment for subassemblies and parts for installations, equipment, apparatus, filters, separators, suction and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing particles, dust and fibres separated from machines; Organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for the buying and selling of ventilation installations, ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Organisational consultancy, professional business consultancy, business management information with regard to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment for subassemblies and parts for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for applying product security means, identification features, security features, security labels and/or components therefor; Organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and

instruments for adjustment and pre-adjustment, for subassemblies and parts for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Organisational consultancy, professional business consultancy, business management information relating to electric and electronic measuring and testing apparatus and instruments for adjustment and pre-adjustment, for subassemblies and parts of and/or for product security means, identification features, security features, security labels and/or components therefor; Organisational consultancy, professional business consultancy, business management information in relation to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for ink slides, ink rollers, damping rollers, register adjustment devices, devices for storing and/or adjusting rollers in inking apparatus or damping units and/or cylinders, devices for cleaning rollers in inking apparatus or damping units and/or cylinders, cutting equipment and/or cutting cylinders, registers and/or register marks, web tension settings and/or for quality control for and/or in printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for devices for the changing and/or transporting and/or storage of printing plates, for inking apparatus and/or damping units and/or printer engine cylinders in printer engines, and/or for devices for tempering for inking apparatus or damping units and/or cylinders in printer engines and/or inkjet printing heads and/or laser systems; Organisational consultancy,

professional business consultancy, business management information in relation to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic materials; Organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment, for installations, equipment, apparatus, filters, separators, suction and conveying devices for air-technology cleaning, dust removal and air separation from machines and rooms equipped therewith, air filters, fans, fibre separators, air compressors and air ejectors for machines, collecting devices, machines, equipment and apparatus for compacting, filling and pressing of particles, dust and fibres separated from machines; Organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for air-technology installations, air-technology equipment, air conditioning, heating, refrigerating, aeration and de-aeration, humidifying and dehumidifying installations and equipment, air treatment installations, air conveying devices, in particular fans, blowers and compressors, air heaters, air coolers, air filters and nozzle chambers for humidification; Organisational consultancy, professional business consultancy, business management information with regard to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat

exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas apparatus; Organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for applying and/or for product security means, identification features, security features, security labels and/or components therefor; Organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Organisational consultancy, professional business consultancy, business management information relating to remote control, remote operation, remote monitoring, control and/or regulating apparatus and equipment for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Advertising in relation to printing machines, offset printing machines, rotary web printing machines, rotary sheet printing machines, screen printing machines, pad printing machines, flexographic printing machines, gravure printing machines, printing machines for use on sheet metal, printing machines for use on cans, printing machines for use on hollow bodies, printing machines for corrugated cardboard, inkjet printing machines and apparatus, inkjet printers, in particular with one or more inkjets, single-colour or multi-colour inkjet printers, laser marking machines and apparatus, laser printing machines and apparatus, marking machines, lacquering machines, packaging machines, coating machines, digital printing and marking machines, labelling machines, engraving machines, machines and mechanical apparatus for the graphics industry, machines and mechanical apparatus for the further processing of printed matter or printing materials or paper or plastics or metal or organic or inorganic

materials, drying machines, drying ovens, pallet changing and transfer machines, stacking machines, machines for handling sheets and plates of metal, foodstuff distribution machines, machines and apparatus for the surface treatment of metals, hot stamping machines and apparatus, thermal transfer machines and apparatus and parts therefor; Advertising for installations, equipment, apparatus, filters, separators, exhausting and conveying devices for the ventilation cleaning, dust removal and air separation of machines and spaces equipped therewith, air filters, blowing machines and fibre separators, air compressors and air ejectors for machines, capture devices, machines, equipment and apparatus for compacting, filling and pressing machine-separated particles, dust and fibres; Advertising for ventilation apparatus, air-conditioning, heating, refrigerating, aerating and ventilating, humidifying and dehumidifying installations and apparatus, air treatment installations, air delivery devices, in particular ventilators, blowing machines and compactors, air reheaters, air coolers, air filters, and nozzle chambers for humidifying; Advertising for drying ovens, drying apparatus, heat accumulators, heat exchangers and parts therefor, in particular active coatings with catalytic properties, heat exchanger ceramics, heat exchanger stones, heat exchanger surfaces, honeycomb structures and integrated catalysts for exhaust air purifying installations, thermal energy accumulators, solar collectors, solar modules for heat generation, and regulating and safety accessories for gas equipment; Advertising for machines for producing product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Advertising for machines for applying product security means, identification features, security features, security labels and/or components therefor; Advertising for machines for packaging product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Advertising for product security means, identification features, security features, security labels, securities, banknotes and/or components therefor; Computerized file management; Presentation of goods and services, included in class 35. in the name of Koenig & Bauer AG, a German company, Friedrich-Koenig-Str. 4, 97080, Würzburg, Germany.
