2023/16319 in Class 42: Scientific and technological services and research and design relating thereto; industrial analysis and industrial research services; design and development of computer hardware and software; engineering design and consultancy services; engineering project management services; engineering services relating to energy supply systems; surveying services; land surveying; topographical surveying; ground modelling; road surveying; engineering surveying; technical surveying; geological surveying; building inspection services; land and road surveying; ecological surveying services; technical consultancy services relating to environmental permits; environmental surveying services; environmental auditing services; arboricultural surveying services; asbestos surveying services; computer assisted engineering design services; computer aided design services relating to building projects; consultancy services relating to mechanical engineering; consultancy services relating to electrical engineering; electrical engineering design services; technical consultancy services relating to structural engineering; structural engineering design services; design of engineering works for flood prevention; design of engineering works for the prevention of inundation of buildings by flood water; design of engineering works for the prevention of inundation of land by flood water; technical consulting in the field of environmental engineering; environmental impact assessment services; ecological impact assessment services; biodiversity surveying services; flood risk assessment services; civil engineering structural design services; architecture services; engineering services relating to architecture; architecture design services; urban planning services; consultancy in the field of urban planning services; architectural design services in the fields of traffic and transportation; structural surveying services; structural assessment services; certification services for the energy efficiency of buildings; building design services; high rise building design services; consultancy and

advisory services relating to building design; consultancy services relating to quality control of completed buildings; contaminated land surveying and assessment services; energy auditing; environmental testing; consultancy relating to environmental testing; environmental hazard assessment; environmental consultancy services; environmental monitoring services; environmental assessment services; environmental testing of vibration; environmental testing and inspection services; environmental testing of noise pollution; air quality assessment services; technical consultancy services relating to air quality; consultancy services relating to environmental planning, urban planning and town planning; civil engineering planning services; technical project planning in the field of engineering; advisory services relating to environmental pollution; advisory services relating to environmental protection; engineering services in the field of environmental technology; technical consultancy in the field of environmental science; noise and vibration impact assessment services; vibration analysis services; design of road networks; highway planning and design services; bridge design and assessment services; blast design services; acoustic surveying, consultancy and design services; consultancy and surveying services relating to dust monitoring; sustainable building design services; technical consultancy services relating to building design; thermal modelling services relating to building design and planning; light modelling services relating to building design and planning; energy modelling services relating to building design and planning; renewable energy assessment services; renewable energy surveying services; land quality assessment services; design and consultancy services relating thereto in the field of landfill engineering, reclamation and restoration; design and consultancy services relating thereto in the field of waste treatment facilities; design and consultancy services relating thereto in the field of waste water treatment facilities; consultancy services relating to geotechnical and earthworks engineering; consultancy services relating to the design of railways and bridges; consultancy and design services relating to river and marine civil engineering; inspection, assessment and design of quay walls, sea defences, locks and other hydraulic structures for use in the river or marine environment; technical design and planning of sewerage systems; design and consultancy services relating thereto in the field of electrical distribution systems; public health engineering design; consultancy services relating to the quality control of building materials; pavement design services; design and consultancy and information services relating thereto in the field of lighting systems, electricity systems, fire alarm systems, uninterruptible power supplies, intruder alarms, closed circuit television systems (CCTV), security systems, telecommunications networks, hardware and wiring, wireless telecommunications equipment and wireless local area networks, computer networks, data networks; design and consultancy and information services relating thereto in the field of satellite dishes, radio aerials, microwave signal transmission systems, access control systems, energy management systems, building management systems, teleconferencing systems, local area networks and wide area networks, heating systems, ventilation systems, air conditioning systems, heat recovery systems, combined heat and power systems, biomass heating systems; design and consultancy and information services relating thereto in the field of solar power systems, wind power systems, refrigeration systems, domestic water services, waste water systems, sewerage systems, rainwater collection systems, above ground drainage systems, drainage systems, hot and cold water services, gas supply services, air supply systems, vacuum systems, fire extinguishing systems and medical gas delivery apparatus and extraction systems; technical consultancy services relating to landfill leachate and landfill gas management, including the containment, measurement, treatment, processing and storage of these by-products; scientific and technological services and research and design relating to mining; advisory and consultancy services relating to mining and mineral exploration services; conducting feasibility studies relative to mineral exploitation; mine waste engineering services; geotechnical engineering services; technical project studies; technological project studies; engineering project studies; technical research projects and studies; conducting of technical feasibility studies; conducting research and technical project studies relating to the use of natural energy; conducting research and technical project studies relating to the use of wind, solar and geothermal to generate power; professional consultancy relating to fluid dynamics; modelling services relating to pedestrian wind comfort and snow conditions; wildlife habitat assessment services; wildlife surveying services; forestry surveys and assessments; aquatic habitat surveys and assessments; research and studies in the field of ecology; earth science services; natural sciences services; soil analysis services; soil testing services; consultancy services relating to geology; technological consultancy in the field of geology; research relating to mineral resources; subsea and offshore engineering services; advisory and consultancy services relating to subsea and offshore

engineering services; engineering feasibility studies; road planning services; oil spill contingency planning services; analytical and testing services for oil workings. in the name of SOLAR HOLDINGS HOLDCO LIMITED, 3rd Floor, Summit House, 12 Red Lion Square, London WC1R 4QH, United Kingdom. 2023/23084 in Class 42: Scientific and technological services namely, scientific research and design in the field of image processing, analysis and interpretation; industrial analysis and research services in the field of image processing, analysis and interpretation design and development of computer hardware and software; development and design of safety software; development for others of computer software and hardware for measuring, monitoring, recording, tracking, assessing or reporting on eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of the operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; development for others of computer software and hardware for measuring, monitoring, recording, tracking, assessing or reporting operator

fatigue, alertness, attentiveness, distraction, concentration or performance; development for others of computer software and hardware in the field of land, sea or air vehicle operator safety and risk management and assessment; development for others of computer software and hardware in the fields of computer, machine, console or plant or equipment operator safety and risk management and assessment; development for others of computer software and hardware that records land, sea or air vehicle operator performance and behaviour for review; development for others of computer software and hardware that records equipment operator performance and behaviour; providing temporary use of online non-downloadable computer software for use in processing data and information, namely, analysing collected audio, video, text and digital content received from on-board vehicle electronic, optical, measuring or computer systems related to land, sea or air vehicle operator or machine, computer, control console or other plant and equipment operator behaviour and habits, and analysis of such data and information for and storage in a database; providing temporary use of online non downloadable software for use in operating sensor, alert, monitoring and tracking devices in the fields of eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; providing temporary use of online non-downloadable software for customers to remotely access information and data related to the habits and behaviours of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; technical data analysis services in the in the fields of measuring, monitoring, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, situational awareness, distraction, concentration or performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; technical data analysis services in the in the fields of measuring, monitoring, recording, tracking, assessing or reporting on the eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; troubleshooting in the nature of the diagnosis of faults in computer software; testing of computer installations; updating of computer software; installation and maintenance of computer software; electronic data storage; cloud computing featuring software for use in image processing, analysis and interpretation; computerised business information storage; computer consultancy in the field of image processing, analysis and interpretation; computer database consultancy services; computer programming consultancy; computer technical support services; technical support services in the nature of troubleshooting of computer hardware and software problems; computer system analysis; computer consulting services, in the fields of measuring, monitoring, recording, detecting, tracking, assessing or reporting the eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions, visual scan patterns, visual scan behaviour, vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; computer consulting services, in the fields of measuring, monitoring, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, distraction concentration or performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; hosting of online computer databases of safety information for risk safety assessment and establishing safety behaviours and risk indexes for an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; hosting of web sites featuring technology that allows users to enter, access and use information and generate reports for use in consulting with businesses; hosting of web sites in the field of risk management; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites, in the fields of

vehicle fleet monitoring services, vehicle operator or other plant and equipment operator safety and risk management; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites in the fields of workplace and job site safety; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites in the fields of operational safety risk events, including events related to the performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites in the fields of measuring, monitoring, recording, tracking, assessing or reporting the fatigue, alertness, attentiveness, distraction concentration or performance of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; hosting, managing, developing, analyzing, and maintaining applications, software, and web sites in the fields of eyelid closure, eye movements, pupillometry, head pose and orientation, gaze or focal point(s), facial expressions, visual scan patterns, visual scan behaviour , vital signs or other physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; creating, hosting and maintaining a website that features technology in the nature of an online non-downloadable software that enables the review of safety data by users; creating and hosting a website featuring technology in the nature of an online non-downloadable software that enables users to generate audit and compliance reports from data collected from mobile or other devices related to the performance of vehicle and equipment operators or to the physiological characteristics exhibited by the operators of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; image processing software design; computer services, namely, hosting an interactive web site that allows users to upload, store and manage online records and receive safety alerts; computer services, namely, hosting an online administrative website portal for users to view computer-related safety data collected from mobile or other devices related to the performance of operators of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; computer services, namely, hosting an online administrative website portal for users to view computer-related safety data collected from mobile or other devices related to the physiological characteristics of an operator of a land, sea or air vehicle, machine, computer, control console or other plant and equipment or the user of a display for a land, sea or air vehicle, machine, computer, control console or other plant and equipment; computer services, namely, transfer of images between different media; research services in the field of image processing, analysis and interpretation; research relating to data processing; research relating to technology; research related to land, sea or air vehicle operator behaviour and habits; research relating to safety; conducting of scientific feasibility studies; conducting technical surveys; consumer product safety evaluation and testing; scientific and technological services, namely, analysis in the field of image processing, analysis and interpretation; safety evaluation to assure compliance with industry standards; scientific consultancy and advisory in the field of image processing, analysis and interpretation; technological consultation services in the field of image processing, analysis and interpretation; accident investigation (engineering or forensic science services); rental of computer equipment for scientific, electronic, optical, measuring and scanning purposes; rental of data processing systems, rental of computer equipment; scientific and technological services, namely, testing in the field of image processing, analysis and interpretation; development of electronic surveillance apparatus; design services for others in the field of image processing, analysis and interpretation; design and development of on-line driver assistance computer software systems; design of electronic systems; design engineering; development of electronic surveillance apparatus; design of commercial products; design of land vehicle parts; ergonomics research and design consultancy in relation to occupational health and safety; Collection and compilation of information into computer databases in the field of machine vision for use in driver assistance systems. in the name of SEEING MACHINES LIMITED, 80 Mildura Street, Fyshwick, Australian Capital Territory, 2609, Australia. Address for service: Von Seidels, 4 East Park, Central Park on Park Lane, Century City, 7441, SOUTH AFRICA
