creation and provision of blockchain-based virtual goods, namely apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, audio/visual and photographic devices, audio devices, film and video devices for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, seat covers for vehicles, vehicle hvac systems, vehicle parking

and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, virtual vehicles and bicycles for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely digital animated and non-animated designs and characters, avatars, digital overlays, skins, art, trading cards for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring collectible goods, images, audio, videos, and digital art for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely cleaning and fragrancing preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely audio/visual and photographic devices, audio devices, film and video devices, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely parts and fittings for vehicles, seat covers for vehicles, vehicle hvac systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, vehicles and bicycles, for use in online virtual worlds; providing online computer services in the nature of

generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely digital animated and non-animated designs and characters, avatars, digital overlays, skins, art, trading cards, for use in online virtual worlds; platform as a service (PaaS) featuring computer software platforms for providing access to crypto-collectibles, crypto- art and application tokens; platform as a service services featuring computer software platforms for downloading software, data, and image files from the Internet; platform as a service featuring computer software platforms for downloading software, data, and image files from users in the marketplace of the software owner; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring collectible goods, collectible images, audio, videos and digital art for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely cleaning and fragrancing preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely audio/visual and photographic devices, audio devices, film and video devices, for use in online virtual worlds; providing an online digital asset

platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely parts and fittings for vehicles, seat covers for vehicles, vehicle hvac systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, vehicles and bicycles, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely digital animated and non-animated designs and characters, avatars, digital overlays, skins, art, trading cards, for use in online virtual worlds; providing an online digital asset platform to view, store, transmit, send, accept, compile, exchange, swap and track non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; software as a service (SaaS) and platform as a service (PaaS) featuring software platforms for providing access to non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; software as a service and platform as a service featuring software platforms for downloading non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; authentication in the field of crypto-collectibles and animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers, clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment; authentication in the field of crypto-collectibles and furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, cleaning and fragrancing preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines; authentication in the field of crypto-collectibles and apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment; authentication in the field of crypto-collectibles and articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, audio/visual and photographic devices, audio devices, film and video devices; authentication in the field of crypto-collectibles and covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, seat covers for vehicles, vehicle hvac systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, virtual vehicles and bicycles; authentication in the field of crypto-collectibles and heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments; providing user authentication services using blockchain-based software technology; providing software and technology solutions for the purpose of product and document authentication and tracking, and brand monitoring and protection, to protect against counterfeiting,

tampering, and diversion, and to ensure the integrity of genuine products and documents; authentication and certification services of blockchain-based non-fungible tokens for use in online virtual worlds. in the name of Mercedes-Benz Group AG, a German Public Limited company, Mercedesstrasse 120, 70372, Stuttgart, Germany. providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical parts and fittings for vehicles; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical seat covers for vehicles; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical vehicle hvac systems; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical vehicle parking and storage; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical vehicle seats for children, vehicle tyres; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical vehicles wheels and rims, vehicles and bicycles; providing non-downloadable software for electronically trading,

storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical heating; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical ventilating and air conditioning and purification equipment; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical lighting and lighting reflectors; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical navigation devices, optical devices; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical enhancers and correctors; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical safety, security, protection and signaling devices; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical hand operated tools and implements; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical lifting tools, moving and handling equipment; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical protective and safety equipment; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical refrigerating and freezing equipment; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical, time instruments; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical, digital animated and non-animated designs and characters, avatars, digital overlays, skins; creation and provision of blockchain-based non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers, clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, cleaning and fragrancing preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines for use in online

virtual worlds; creation and provision of blockchain-based virtual goods, namely apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, audio/visual and photographic devices, audio devices, film and video devices for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, seat covers for vehicles, vehicle hvac systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, virtual vehicles and bicycles for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments for use in online virtual worlds; creation and provision of blockchain-based virtual goods, namely digital animated and non-animated designs and characters, avatars, digital overlays, skins, art, trading cards for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring collectible goods, images, audio, videos, and digital art for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely cleaning and fragrancing preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data

storage and security, to represent collectible items and featuring virtual goods, namely audio/visual and photographic devices, audio devices, film and video devices, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely parts and fittings for vehicles, seat covers for vehicles, vehicle hvac systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, vehicles and bicycles, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments, for use in online virtual worlds; providing online computer services in the nature of generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely digital animated and non-animated designs and characters, avatars, digital overlays, skins, art, trading cards, for use in online virtual worlds; platform as a service (PaaS) featuring computer software platforms for providing access to crypto-collectibles, crypto- art and application tokens; platform as a service services featuring computer software platforms for downloading software, data, and image files from the Internet; platform as a service featuring computer software platforms for downloading software, data, and image files from users in the marketplace of the software owner; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring collectible goods, collectible images, audio, videos and digital art for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely cleaning and fragrancing preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible

tokens and collectible items, and featuring virtual goods, namely computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely audio/visual and photographic devices, audio devices, film and video devices, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely parts and fittings for vehicles, seat covers for vehicles, vehicle hvac systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, vehicles and bicycles, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely digital animated and non-animated designs and characters, avatars, digital overlays, skins, art, trading cards, for use in online virtual worlds; providing an online digital asset platform to view, store, transmit, send, accept, compile, exchange, swap and track non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; software as a service (SaaS) and platform as a service (PaaS) featuring software platforms for providing access to non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; software as a service and platform as a service featuring software platforms for downloading non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; authentication in the field of crypto-collectibles and animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers, clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment; authentication in the field of crypto-collectibles and furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, cleaning and fragrancing preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines; authentication in the field of crypto-collectibles and apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment; authentication in the field of crypto-collectibles and articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, audio/visual and photographic devices, audio devices, film and video

devices; authentication in the field of crypto-collectibles and covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, seat covers for vehicles, vehicle hvac systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, virtual vehicles and bicycles; authentication in the field of crypto-collectibles and heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments; providing user authentication services using blockchain-based software technology; providing software and technology solutions for the purpose of product and document authentication and tracking, and brand monitoring and protection, to protect against counterfeiting, tampering, and diversion, and to ensure the integrity of genuine products and documents; authentication and certification services of blockchain-based non-fungible tokens for use in online virtual worlds. in the name of Mercedes-Benz Group AG, a German Public Limited company, Mercedesstrasse 120, 70372, Stuttgart, Germany.
